Dear Ms. Kennar,

Congratulations!

You are one of the Top One Hundred Labor Attorneys in the United States for 2008 as determined by Labor Relations Institute, Inc. Enclosed is a certificate to commemorate your accomplishment. There are more than 8,900 labor attorneys in the LRI database who have represented clients in union representation matters since 1995. To be included in the Top One Hundred is a prestigious honor placing you in the top one percent of all labor attorneys.

The criteria we use to identify the Top One Hundred Labor Attorneys in the United States are very strict. First, each attorney must have represented clients in a substantial volume of representation elections during the last ten years (based on Notices of Appearance filed with the NLRB as determined by LRI), at least one of which occurred since January 1, 2007. Second, the attorney must have maintained a win rate in excess of 50 percent (based on NLRB certified election results). Withdrawals are counted as a win.

In addition to your certificate, I have included a press release for your use. A feature article will appear in the July edition of the LRI newsletter, Labor Relations Ink. The full list is also published on our web site, www.lrionline.com/info/top-100.html.

Again, congratulations on your accomplishment.

Sincerely,

A handwritten signature in black ink, appearing to read 'Donald P. Wilson', is written over the word 'Sincerely,'. The signature is fluid and cursive, with a prominent 'D' and 'W'.
